S i r :

1. In response to the notice of draft person's patent drawing review nominally attached to the notice of allowability, but not received by us until December 27, 2004, Applicants herewith submit drawings corrected to meet the PTO objections. These are presented on 17 sheets (19 figs.) on A4 paper compliant with 37 CFR 1.84.

This response is timely as it is filed within three months of the mail date of the notice of allowability, see 37 CFR 1.85(c). The 1.85(c) deadline is not affected by the payment of the issue fee.

2. The Notice of Allowability lists the inventor as "Richard" Koenig. We take this opportunity to remind the Examiner that pages 7-8 of the March 24, 2004 amendment pointed out that this was a typographical error, the inventor's first name being "Reinhard", and correction was requested pursuant to MPEP 201.03, pages 200-4 to 200-5.

3. A substitute power of attorney and change of correspondence address is enclosed.

Respectfully submitted,
